Through years of experience, Groen Environmental Systems has developed a keen insight into "what works" in this industry. We have selected system components that produce the most cost-effective solutions to meet a client's needs. We simply will not settle for second-best! We have therefore negotiated advantageous supply agreements with the major component manufacturers to ensure that you benefit from our ability to purchase on contract and in bulk.

Groen Environmental Systems is the Regional Agent for Kemco Systems for British Columbia, Alberta and Saskatchewan. Kemco has solutions for all of your water treatment, water filtration, and water processing needs.
